South Carolina Department of Agriculture
P.O. Box 11280
Columbia, South Carolina 29211

Hugh E. Weathers, Commissioner

SOUTH CAROLINA PETROLEUM REGISTRATION APPLICATION

Section 39-41-250 of the South Carolina Code of Law states that all gasoline, gasohol and alcohol-gasoline mixtures for gasoline type engines that are sold, offered or exposed for sale or distribution in South Carolina shall be registered by each identifying brand name or grade designation and the corresponding minimum guaranteed Octane.

It is a breach of state law for any manufacturer or dealer of such gasoline, illuminating or heating fluids with intent to deceive or defraud, alter or erase the label or tag to indicate a different flash test, specific gravity or quantity than is indicated by the label or stamp attached to the vessel.

The Department of Agriculture may at any time or place collect samples of any petroleum product offered for sale and have them tested and analyzed in order to provide the people of the State of South Carolina with satisfactory petroleum products.
